

Job Title: Community Organizer

Job Summary:

The Community Organizer develops and coordinates programs designed to promote the organization and its services to the community and the target population. This role promotes activities and services through various forms of media. Being a community organizer may be responsible for recruiting, interviewing, hiring, training, and scheduling of volunteer workers.

Duties/Responsibilities:

- Work with the community to implement recommendations on sparking economic development in the corridor
- Serve as a community liaison, connecting community leaders and their plans with resources and partners inside and outside the community that can help them implement their strategies and complete their projects
- Engage, guide, advise, and support planning and implementation goals in target Southside Mesa and La Victoria neighborhoods, and other areas as appropriate
- Broker relationships and resources to the Southside Mesa and La Victoria neighborhoods, and help them achieve their goals
- Serve as an advocate for the community vision

Candidate Requirements:

- Experience organizing within neighborhoods
- Experience with project management, including project development, implementation, and documentation
- Experience with building and maintaining relationships, skilled in communication, both written and verbal

- Understand the issues confronting small business owners and residents in underserved communities
